Renee D. Boucher, Ph.D.

908.305.0009 • renee.bouch27@gmail.com • Mountain View, CA 94043 • LinkedIn

Professional Summary

Research operations professional with 9+ years of research experience, including ~2 years of health technology research ops.

SKILLS

Study Operations | Human-subjects research, consent forms and agreements, participant recruitment & scheduling, vendor management, cross-functional partnership (UX, PM, Legal), budget tracking, participant incentives, test-device setup, SOPs
Research Methods | Mixed-methods research, Protocol development, longitudinal panel and co-design studies, survey & screener design, qualitative interviews, usability testing, A/B testing, statistical testing, data visualization, Agile study planning
Tools | Qualtrics, REDCap, dscout, Confluence, Jira, HeyMarvin, PayQuicker, DocuSign, R, SPSS, Trello, Google Workspace, CADD (Onshape)
AI & Automation: Google Apps Script, GitHub, Claude, Cursor

PROFESSIONAL EXPERIENCE

UX Research Coordinator, program management scope August 2025 - Present
Verily Health (Alphabet), San Bruno, CA (hybrid) • Contract via Pinnacle Group

- Led recruitment for 20+ studies (10+ concurrent workstreams) across vendor, marketing, B2B and internal employee channels, sustaining ~91% attendance, including 3 longitudinal panel studies (200+ opted-in participants); drafted consent forms and QA/QC for all studies.
- Scoped and moderated sessions for 5+ studies, 3 of them surfacing 32 product changes across B2C and B2B products.
- Coordinated 10+ vendor studies, sent RFQs, estimated budget, tracked vendor invoices and participant incentives; co-leading vendor discovery program (5 vendors, SOWs & contracts in progress).
- Interim program manager for employee beta-testing program (US + CA); ordered, audited, and set up UXR lab equipment (5 test devices) and ran a weight-scale pilot (6 sessions, 100% attendance).
- Built a Confluence hub of UXR and UX Ops onboarding documentation for 45+ stakeholders (-50% redundancy), trained UXRs and automated participant emails with Claude and Google Apps Script (-75% time)

Clinical Research Coordinator II Jan 2025 - July 2025
Dartmouth College and Dartmouth Health, Hanover, NH

- Managed IRB- and FDA-compliant research protocols supporting human-centered data collection across clinical research initiatives.
- Directed quality control for 210+ participant datasets in R and SPSS, maintaining data integrity and regulatory compliance.
- Engineered and validated a novel behavioral screening instrument (CVI = 0.99; published 2025) via two-phase SME usability testing.

Consumer Insights Data Analyst (Consultant) March 2024 - August 2025
TMJ Consumer Insights & Strategy, Hillside, NJ (remote)

- Drove 10% sales growth via 50+ A/B experiments on packaging usability and claim comprehension (OTC health products).
- Managed data collection and analysis for consumer studies across 3+ brands, adapting to changing requirements to deliver on time; designing screeners and recruiting through self-service and vendor channels.
- Leveraged AI-driven sentiment analysis and heatmap tools to identify behavioral friction points, translating mixed-methods findings into executive-ready reports that influenced 5+ compliant redesigns (18% post-launch conversion lift).

Doctoral Researcher (Research Scientist) August 2019 - August 2024
University of California, Santa Cruz, CA

- Coordinated field research with teams across 5+ countries, managing space and equipment logistics against two-week deadlines and adapting study designs iteratively to ongoing data and team feedback.
- Developed multi-year research protocols, managed study documentation and data across platforms, and analyzed spatial and behavioral data with statistical modeling in R for long-term studies of wild chimpanzees.
- Founded and co-coordinated the GradPath Mentoring Program (2022-2024); grew mentees and mentors 500% (20 to 120+) via multi-channel recruitment and ran 5+ follow-up experience surveys.
- Secured $210K+ in funding ($75K+ in research grants and $135K in graduate-school awards). Led and mentored 300+ students as Instructor (Mar 2020 - 2024).

EDUCATION

Ph.D., Biological Anthropology - University of California, Santa Cruz, 2024 (P.E.O. Scholar, NSF-DDRIG, & Leakey Foundation Awardee)
M.A., Anthropology - University of California, Santa Cruz, 2020
B.S., Evolutionary Anthropology - Rutgers University, 2019 (Summa Cum Laude, Aresty, Bigel & CHES Research Scholar 2017-2019, High Honors)

CERTIFICATES & PUBLICATIONS

Certificates: CITI Training (Community-Based Research; Health Disparities; Responsible Conduct of Research); Good Clinical Practice
Publications: 5 peer-reviewed publications, 2021-2025 (4 first-author), incl. Int. Urogynecology J. and Nature Communications
Languages: English (native); French and Spanish (basic to intermediate)
